

How do you feel?

Have a look at the changes you put down for the last activity. How do you feel about those changes? On this sheet, choose a change for each line, and an emotion for each end, then mark on the line where you are. We've put some example emotions below for you, and have also got the first one ready for you. If you can't print this page, then you can draw some lines on a piece of paper.
